WELCOME TO PISA!

The Department of Economics and Management organizes twice per year events for the incoming students during the week prior to the start of lectures. The aim of these events is to promote a friendly environment and an opportunity for incoming students to become familiarized with the city of Pisa and the life as an UNIPI student.

What are the Welcome Activities?

The International Relations Office (IRO) organizes at the beginning of every semester activities dedicated to welcome, orientate, help and support foreign students arriving in Pisa for their first semester at our Department of Economics and Management.

You will be able to:

- Learn to orient yourself at the Department of Economics and Management
- Find out about UNIPI services, programs and courses
- Discover Pisa and its surroundings
- Learn more about living in your new host city, including housing and transport
- Meet other foreign students
- Find out how to integrate with and meet Italian students
- Meet the staff you have been in touch with so far

DIRECT ASSISTANCE

BUDDY SERVICE

IRO Staff Members

The Buddy Service is the assistance provided by Italian students to foreign students during their first days in Pisa.

Your buddy provides you with information about the city, Department of Economics and Management, University's facilities and procedures.

Before their arrival, all incoming students will receive an e-mail containing the buddy's name, e-mail address and phone number to get in touch with her or him directly.

Any doubts?
